

## **Yachts of Seabourn Improves Foreign Exchange Service on their fleet with Onboard's CurrencyXchange™ System**

Miami, FL – June 2nd, 2006 – [Onboard](#), a leading supplier of Software for the cruise and hotel industry announced today that it has signed a fleetwide contract with the [Yachts of Seabourn](#) for its [CurrencyXchange™](#) System. Onboard's [CurrencyXchange™](#) System leads the hospitality industry as the most flexible, secure, and user friendly foreign exchange system available. [CurrencyXchange™](#) allows the shipboard user to easily convert between multiple currencies for any guest at any time. The system is securely controlled either onboard or at the head office and has the ability to run a variety of reports.

"Many of the foreign exchange solutions in the market place are quick fix solutions implemented by in house staff or the company's local banks. There is no foreign exchange solution in cruising that is as feature rich, robust, and secure as Onboard's [CurrencyXchange™](#) System". Said [Onboard](#) co-founder and Managing Partner Jimmy Lopez. "We are thrilled to be continuing our relationship with The Yachts of Seabourn. This agreement is the cornerstone of our relationship with The Yachts of Seabourn and we look forward to helping them solve other challenges related to the management of their ships and provide other software products for their guests.

Onboard also provides a suite of Software products for the hospitality industry, including the [IssuTrax™ AVO](#) System and [CyberCafe@Sea™](#). The [IssuTrax™ AVO](#) System can be used to manage AVOs, Guest Complaints, Incidents, Facilities Maintenance and more. Onboard's [CyberCafe@Sea™](#) provides a NO REVENUE SHARE business model for a cruise customer's Icafe's with fully customizable look and feel and customer branding.
